

Research Traineeship at the University of Jena

Gain hands-on experience in real research projects, discover German academic culture, and strengthen your profile for international career opportunities.

- For international undergraduate and graduate students, except for the subjects: Medicine, Pharmacy and Dentistry
- Voluntary or compulsory internship
- Maximum duration: 12 months
- Enrolment as a guest student: student status including student ID card, semester ticket and letter of admission for the student visa application

REQUIREMENTS

- B2 level in English or German (CEFR)
- Enrolled at home university
- Traineeship placement: must be found independently

APPLICATION

- Once you have received confirmation of supervision, apply online and free of charge via our application portal
- Please apply no later than 2 months before the start of the traineeship

LANGUAGE COURSES

- Language courses offered at the University Language Centre (starting at € 40 per course/semester)
- ECTS credits available
