

University POLITEHNICA of Bucharest

National Academy of Engineering

Washington, USA

Grand Challenges Scholars Program

National Academy of Engineering (NAE)

Leadership in a World of Accelerating Change
Washington, DC, USA

Grand Challenges Scholar Program Program
NAE GRAND CHALLENGES FOR ENGINEERING 2008

aspirational vision of what engineering needs to
deliver to all people on the planet in the 21st
century

14 GOALS that the NAE recognized as necessary
to deliver this vision

HEALTH

JOY OF LIVING

SUSTAINABILITY

SECURITY

CROSS-CUTTING CONCERNS around the world
21st century

ACCEPTANCE CRITERIA

More precisely...

Good results, no more than 1 failed subject

Outside the faculty interests: volunteering, contests, performance in the field

Previous participation in the Scientific Student Communication

Proven interest and enthusiasm

No other commitments, such as full-time or part-time jobs

A minimum GPA of 2.5

ADMINISTRATIVE ORGANISATION

GCSP

Coordination Committee

5 persons nominated by the Administration board of UPB

the Committee will nominate a director quarterly meetings

Financing activities

integrated programs

insured by UPB by own funds, Erasmus programme, dedicated programs from the Ministries of National Research and Education, sponsoring from companies

Administration of the program

student management, results

centralization

Student Entrepreneurial Society

International representation

the Global Challenges Summit

the annual GCSP meeting

University POLITEHNICA of Bucharest – GCSP program

WHY?

Data Analysis

the NAE does not dictate an engineering curriculum

Creation

each university defines its supplemental approach to educating its students

Implementation

strengths and resources to instill the five competencies
5 extra - curricular competencies

Results

global engineer/FUTURE leader

5 extra - curricular competencies

HOW to DO? What?

(3rd year and 4th year)

14 GCSP themes

Mentored Research

- learn the "how to do" - research

Entrepreneurship

- necessity of a business model for solution implementation
- courses, mentorship
- Innovation Labs

Social Consciousness

- focus on the social impact of the GCSP topic
- volunteering activity

Multidisciplinarity

- courses ethics, culture, related topic
- internship

Multicultural

- Erasmus mobility
- extra mobility Asia/Africa/South America
- integrating 1 foreign language

Final GCSP program

UPB – GCSP program

Indicators for the 5 competencies

Mentored Research Multidisciplinarity Entrepreneurship Multicultural Social Consciousness

3rd year and 4th year

“ The world needs new leadership,
but the new leadership is about
working together. ”

Jack Ma

University POLITEHNICA of
Bucharest

VISION UPB

valuable scientific, technical and cultural knowledge
the technological, economical and social-cultural progress of the society and the world

VISION for GCSP

future education, research, creativity and innovation

for a more tolerant, safe, sustainable and healthy world
